Top Tips for Defending Personal Injury Claims

Itinerary

This seminar organised by DGB Solicitors is tailored to those involved in the defence of liability claims. Market leaders will share with you their personal tips and anecdotes in the following 20 minute focused sessions:

E-Disclosure – is it relevant to personal injury claims?

Debbie Black of **DGB Solicitors** (www.dgbsolicitors.co.uk) has in excess of 20 years' experience of defending liability claims. She will give anecdotal examples of how e-disclosure is filtering through to personal injury claims and will highlight points to consider from a defendant's perspective.

Part 36 Offers – is your offer valid?

Debbie Black of **DGB Solicitors** (www.dgbsolicitors.co.uk) will provide pointers to consider when making Part 36 offers.

Mediation – how is it working and what does the future hold?

Tim Wallis, Mediator, Member of the Civil Justice Council, Director of both **Expedite Resolution** and **Trust Mediation** and Chairman of the RTA Portal Company (www.ExpediteResolution.com) will comment upon the 4 hour mediation model and telephone mediation. Also, compulsory mediation; a help or a hindrance?

Costs – making effective costs' offers

Martin Cox director of **Costsmanager** (www.costsmanager.com) and former Head of Costs at DLA Piper will provide tips on making effective Part 47 offers and will outline how Collective Conditional Fee Agreements can be used by defendants.

Athens Convention – applicability & relevance

David Semark from **Quadrant Chambers** (www.quadrantchambers.com) will discuss points to watch out for when identifying Athens Convention movements and why the Convention is worth your consideration.

The presentations will run between 12.00pm and 2.00pm. A sandwich lunch will be provided and there will be an opportunity to chat informally with the speakers afterwards.
